Set Up Instructions

HAREKOHU CLASSIC

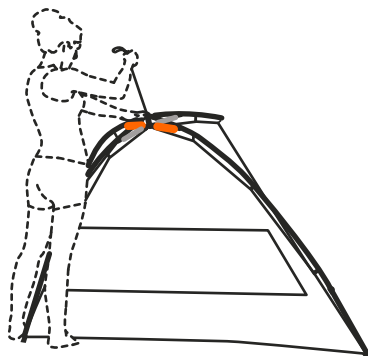

Remove any rocks, branches and other sharp objects from the area you will lay on. Spread the shaver evenly on the ground.

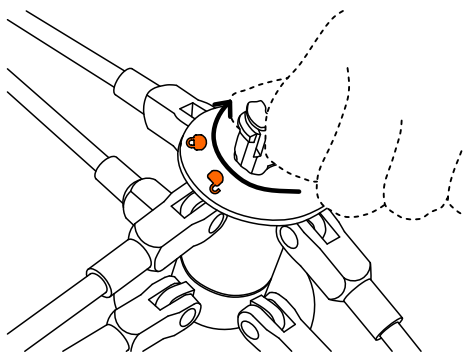

With the hub in an upright position, unfold the poles and lock the joints.

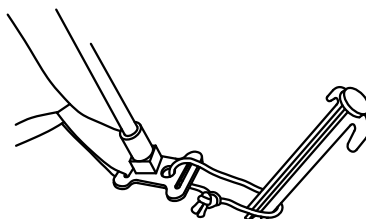

Standing behind the shaver, grab the top orange drawstring with one hand and hold the top part of the hub in place with the other.

Pull the drawstring firmly until the upper and lower parts of the hub connect, and the shaver takes its final shape.

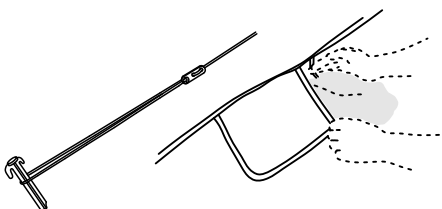

Lock the hub by turning the orange button found on the hub, to the "LOCK" position.

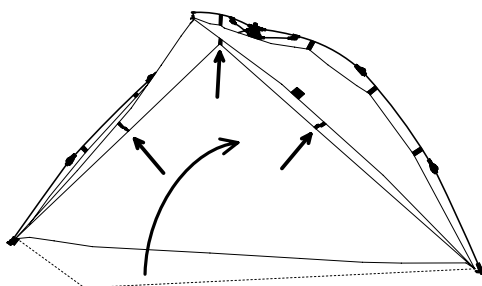

Fasten the shaver to the ground by inserting the included pegs through the appropriate loop found at the end of each pole.

Tip:

For extra stability, fasten the shaver to the ground using the outer cords and fill with sand or pebbles the peripheral outer pockets.

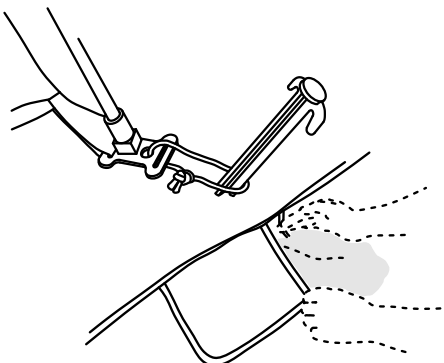

For extra privacy or when away from the shaver, fold the ground sheet and hang it on the appropriate hooks found on the shaver's flysheet.

Collapse Instructions

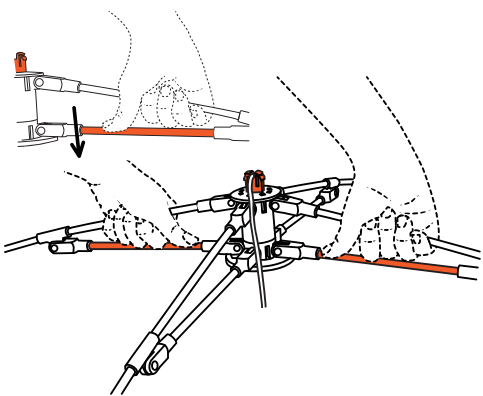

HAREKOHU CLASSIC TERRANATION

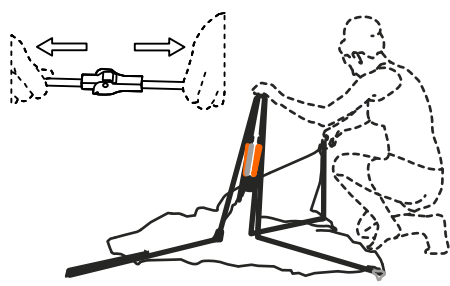

Remove all the pegs and empty the peripheral pockets.

Unlock the hub by turning the orange button found on the hub, to the "UNLOCK" position.

Standing behind the shaver, grab the left and right poles. Using your thumbs, push the orange poles downwards to collapse the shaver.

Unlock the joints and fold the poles onto themselves.

Wreathe the exceeding fabric around the hub and place the shaver in the carry bag.

Maintenance and storage

- Only water should be used when cleaning the fabrics.
- The stains should be treated locally and separately.
- The beach shaver must be dry and clean before storing.
- Pegs should be stored in their case.
- Select a dry and shady place to store the beach shade.
